CCDC Inject

INJECT NAME	Evaluate File System for SetGID Attribute Files
INJECT ID	LINX07T

INJECT DESCRIPTION:
Evaluate the server file systems for SetGID files. Evaluate each one found as to whether it legitimately has this attribute or may be suspicious.

INJECT DELIVERABLE
Respond with a business memo which:

1.) Describes what the purpose of the SetGID attribute is.

2.) List the servers that were evaluated.

3.) Provide a list of files by server that were deemed suspicious.
